

Mini Barn Quilt Garden Signs

Sat., April 22, 10am
at the Lee County
Conservation Center

PRE-REGISTRATION REQUIRED **\$15**

Painted wooden "barn quilts" are popping up across the countryside. You'd love to have one but don't have a barn, you say? No problem! Join Lee County naturalists on Earth Day and create a mini version on a fence post you can plant right in your yard.

This class is open to adults and youth ages twelve and older, and will take place at the Lee County Conservation Center located two miles north of Montrose, Iowa. The cost is \$15 and all supplies are included.

Only 20 spots available!

To sign up call:
